

## The United States Government Cooperates

with the 7,000 member banks in maintaining the Federal Reserve Banking System for the protection of the business interests of the country. Through the Federal Reserve Board in Washington it supervises the twelve Federal reserve banks; it appoints one-third of their directors; it deposits its funds largely with them; it guarantees the currency they issue.

This cooperation greatly increases the value of the system to us and our community.

Are you linked up with this new national system as one of our depositors? If not, you should delay no longer.

### NOTICE TO CONTRACTORS

#### STATE HIGHWAY DEPARTMENT

Columbus, Ohio, Aug. 16, 1917  
Sealed proposals will be received at the office of the State Highway Commissioner at Columbus, Ohio until two o'clock p. m. September 7, 1917, for improvements in:

Medina County on Section P-1 of the Cleveland-Weaver Road, I. C. H. No. 25, Petition No. 2663, in Brunswick Township.

For constructing drainage structures, grading roadway and paving with monolithic brick pavement.

Width of pavement: 16 ft. Roadway 26 ft.

Length 8880.8 ft. or .73 miles.

Estimated cost of construction \$21,327.88.

Date set for completion December 1, 1917.

The bidder must submit a proposal and contract bond for an amount equal to the amount of the estimated cost.

Plans and specifications are on file in the office of the Resident Engineer and the State Highway Department.

The State Highway Commissioner reserves the right to reject any and all bids.

CLINTON COWEN  
STATE HIGHWAY COMMISSIONER

Construction.

### Annual Report of Deputy Sealer

	Sealed	Adjusted	Condensed for Repairs	Condensed	Totals
Counting Scales	66	316	54	7	443
Counter Scales	485	179	13	21	698
Spring Balance	492	3		1104	1599
Beam Scales	43		6	25	74
Wagon Scales	83	51	30	14	178
Hopper Scales	50	29	8	2	89
Platform Scales	577	239	95	51	962
Dormant Scales	86	35	15	2	138
Weights	4470	243		74	4787
Automatic Scales	9			1	10
Water Meters	3				3
Syrup Cans	504				504
Berry Boxes	23400				23400
Bushel Measures	15				15
Liquid Measures	1105			176	1281
Automatic Pumps	104	117	27	2	250
Milk Cans	50			4	54
Ice Cream Cans	30				30
Milk Bottles	11288			304	11592
Caunter Tacks				23	23
Total	42960	1112	248	1811	46131

The above is the scheduled report of the Deputy Sealer of weights and measures John Dannley, for Medina county, for the period between Dec. 1, 1915, and July 1, 1917. The State Department has formerly requested all reports to end Dec. 1 and be at the state office on or before Jan. 1.

The new administration asked for reports on July 1. In consequence this report covers one year and seven months.

There is a great deal of work done by the Sealer which is not reported, because there are no provisions for such reports on the blanks sent out by the state.

The scales on threshing machines are adjusted to register correctly. Flour, feeds, fertilizers and all commercial packages are weighed and, when incorrect, ordered off the market and reported back to the manufacturers or packers.

A large number of tanks of machine oil, billed at 35 gals., have been measured and found to be from 7 to 9 gallons short; some of these tanks not holding more than 30 gallons.

The work is growing both in volume and in the interest of the people, and Mr. Dannley is proving himself a painstaking and conscientious official.

### NOTICE BY PUBLICATION

Charles H. Randall and Grace Randall, whose last known place of residence was in Eden, New York, will take notice that on the 28th day of August, 1917, Eva George filed her petition in the Common Pleas Court of Medina County, Ohio, against the said Charles H. Randall and Grace Randall and others, setting forth that one Julia M. Randall died in the year 1914, intestate, leaving no husband surviving, but leaving four children, namely Eva George, Julia Rounds, Charles H. Randall and T. J. Randall, that said T. J. Randall has since deceased leaving a son, namely Harry Randall, that the said Charles H. Randall and T. J. Randall for a valuable consideration paid to them by the said Eva George and Julia Rounds agreed to convey to the said Eva George and Julia Rounds all of their right, title and interest in their mother's property, and signed an agreement in writing to that effect. That the said Julia M. Randall at the time of her decease was seized in fee simple of the whole of lot No. 313 of the incorporated village of Seville, Ohio, that the plaintiff Eva George and the defendant Julia Rounds are the owners of said lot in equal parts, and the prayer of said petition is that said lot be partitioned as provided by law and for equitable relief.

Said Charles H. Randall and Grace Randall are required to answer on or before 15th day of October, 1917.

F. W. WOODS,  
Attorney for Plaintiff.

### FROM SAN ANTONIO

Headquarters, 52nd Aero Squadron, Kelly Field, So. San Antonio, Tex.

August 19, 1917.

Editor Sentinel:

Probably you already know that I enlisted in the Aviation Section of the Signal Corps in Cleveland on the 2nd of this month. The same afternoon I was sent to Columbus Barracks, and two days later entrained for Ft. Sam Houston, Tex. We were stationed at Kelly Field, the largest aviation field in the U. S. and about five miles from Ft. Sam Houston, on the 7th. We were quartered in tents, 10 men to a tent, for several days, and then moved into the barracks.

Yesterday I was summoned to headquarters of the lower field, where I was interviewed by Capt. Scott, who is to command a new supply squadron here. He said that he had picked me out to be his office manager, and that he wanted me for that position very much, but that Capt. Edgerly had asked for me first, and that he thought that the opportunity with him would be even better than with the supply squadron. I then went to Capt. Edgerly, who said that he had a position in view for himself and me and that it was up to me to prove my ability before I would get the appointment. He then told me that on Monday (tomorrow) I would be transferred from

private in the 52nd Sqdn, to Sergeant Major of the 84th Sqdn. Naturally I am quite elated over the fact that after only 12 days in camp I am to be promoted to the rank of Sergeant Major, and I am sure going to do my darndest to make good, for if I do, I can see a commission ahead of me.

Life here is very interesting, and will be much more enjoyable now that I get out of the unpleasant duties a private has to perform. I can tell you, it is no fun to load and unload airplane parts under the broiling Texas sun, although it is interesting to note the construction of the various parts. During the forenoon and the latter part of the afternoon, airplanes are continually roaring overhead, some skimming low, circling and landing in the field, others rising, and still others at dizzy heights, almost out of sight. It is then that the aviators do their trick flying and it certainly is thrilling to watch some of them. I saw one machine this morning take a straight drop from above the clouds to within a few hundred feet of the grounds, all the time twisting round and round. I was certain that the aviator had lost control and was falling, for in all the time I have been here I had seen no such dangerous flying, but my heart began to beat again when I saw the machine right itself, the engine begin to roar, and the plane again start climbing. There are several thousand men here, and the camp is to be at least ten times as large as it is at present. It is situated on a great flat plain, or desert, with wooded hills to the southwest, but stretching away in other directions as far as the eye can see. There are very few trees, in fact none in the vicinity of the camp, except scrub trees of some kind, looking much like a willow, that grow only a few feet high. Cactus abounds. I expected to find lots of sand, but the soil is a dark clay, that powders into dust that chokes one, and covers everything, or is of the consistency and tenacity of mortar when it rains, which is not often. It has not rained since I have been here, and do not think it will for some time. The days are terribly hot, but the nights are cool, and often before morning I have to wrap myself close in my blanket to keep warm. At night a steady strong wind blows continuously off the gulf, and I think it is the cool of the night that enables anybody to stand the heat of the day. At night the atmosphere is very clear, and the stars shine with a brilliancy that I have never before seen, nor expect to see again after leaving here. Hundreds, often thousands, (that is exaggerated a little—1400 is the highest I have known to come in a day) arrive daily, and almost daily squadrons entrain for "somewhere."

Sincerely yours,

Ralph H. Harrington.

### CAN IT BE REAL?

One of the Most Sensational Actions Ever Commenced in the Court of Medina County

This paper is reliably informed that Miss Goldie F. Dramond, a long and well known and highly regarded young woman of Medina county has brought suit in one of the highest courts of the world against Mr. Slack G. Pincham, the heretofore well liked and highly esteemed resident.

It is reported that the plaintiff demands damages to the amount of \$30,000 and public sentiment appears to be with her. While the defendant has a good standing financially there are those who believe that if he is called upon to pay so large a judgment it may possibly result in his financial ruin.

Miss Dramond has employed M. T. Stokes of the Pennsylvania bar a specialist in the construction of matrimonial law and a trial lawyer of conspicuous ability, to prosecute her claim.

Mr. Pincham has not revealed the name of his attorney of the local bar to protect him from this determined effort to relieve him of a good slice of his fortune.

At any rate the trial of the cause will doubtless bring hundreds of interested spectators to the Princess Theater, 7:30 o'clock on Tuesday evening, Sept. 11, when the jury will be sworn and the case opened.—Adv.

### NOTICE

Dr. R. J. Baird will leave on Sunday, Aug. 26th, for a two weeks vacation in Alabama. Will be at his Medina office Saturday, Sept. 15th.

### RESOLUTION

"Determining that the public convenience and welfare requires the improvement of North Court street, Medina, Ohio, from the north corporation line to the north line of Union street by grading, draining, paving and curbing in manner and form as provided by Sections 6949 et. seq. of the General Code of Ohio."

BE IT RESOLVED: By the council of the Village of Medina, State of Ohio, three-fourths of all members elected thereto concurring herein:

SECTION I. That the public convenience and welfare requires the improvement of North Court street, Medina, Ohio, from the north corporation line to the north line of Union street in manner and form as provided by Section 6949 et. seq. of the General Code of Ohio.

SECTION II. That the surveys, plans, profiles, cross-sections, estimates and specifications for said improvement, providing for grading, draining, curbing and paving same with vitrified brick on a concrete base to a width of 36 feet, all as heretofore prepared by the County Engineer and now on file in the office of the Village Clerk and the office of the Board of Commissioners of Medina county, Ohio, be and the same are hereby adopted and approved.

SECTION III. That the village of Medina, Ohio, raise and pay by general taxation and special assessment all the remaining costs and expenses of said improvement after deducting The Cleveland Southwestern & Columbus Railway Company's portion as provided in a certain franchise ordinance of Medina village passed May 13, 1902, and after deducting seven per cent (7%) of the total costs and expenses of said improvement offered to be paid by the Board of Commissioners of Medina county, Ohio, which offer is hereby acknowledged and accepted.

SECTION IV. That the mayor and clerk be and are hereby authorized and directed to enter into a contract with said board of commissioners of Medina county, Ohio, covering said improvement and as a division of the costs thereon.

SECTION V. That this resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed August 23, 1917.  
W. P. RANDALL, Mayor.  
E. AINSWORTH, Clerk.  
A. B. Underwood, Att'y.

AKRON, OHIO

### Children Cry FOR FLETCHER'S CASTORIA

Business University, Akron, Ohio

Day and evening school Thirty-six years in business

### Regular Fall Openings

SEPTEMBER 4th and 10th

When you learn how to handle business, you will have the courage to tackle and win.

The world requires millions to have a commercial training, while comparatively few professional training. There are one hundred opportunities in business to one in a profession, and greater fortunes are made in business. Compare your chances and meet the truth. You won't fail to get the most practical, useful, commonplace education to use a life-time. The use of it is the great value. The time and money required to get it means only a decision backed up with industry, and industry makes life healthy.

Idea picked up from streets, compared with a special training, are as different as weeds and golden grain; therefore, give your brain food for thought and action, and not trash for deterioration and decay. Young men and women, don't wait to suffer later the ignorance of youth. Use a spar of wisdom and accept the advice of those who have learned by many years of experience.

For the coming year, we shall make our day and evening school intensely interesting. Come and join us to share the betterment for a life-time. A good position will be given you immediately after graduation, so you can grow in the business world to be a benefactor. We have no war prices. Enroll now at 1 South Main Street (opposite Yeager's.) Office open from 8 a. m. to 5 p. m. and evenings Monday, Wednesday and Friday.

SHORT BROS., Proprietors.  
We arrange places where room and board are furnished for the exchange of service in doing some chores. Tuition the only cost.
